REFILLS

The substantial savings opportunities that the CANARX mail order programs provide are due to the fact that in the countries (Canada, the United Kingdom, and Australia) where CANARX assists individuals in shopping, prevailing prices are substantially lower for the same drugs than they are in the United States. CANARX works with government-licensed pharmacies to supply brand-name medications, packaged and sealed by the original manufacturer, for delivery to all participants. This lower cost for medications allows CANARX to offer this program at a zero copay to the participant.

Where do these medications come from?

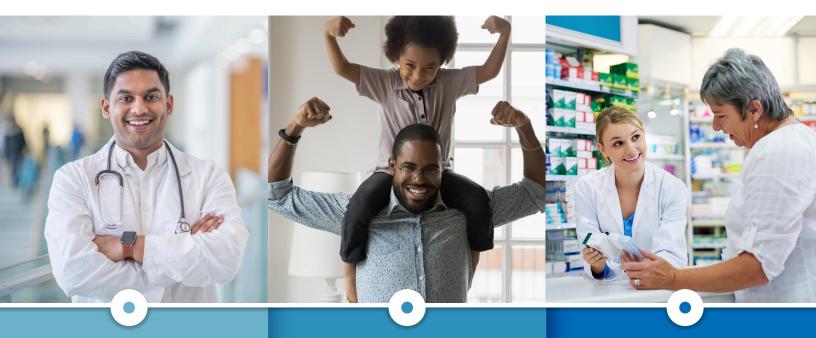

All medications are sourced from Tier 1 countries as designated by U.S. Congress for safety purposes. Tier 1 countries are deemed by the U.S. government to have equivalent or greater safety and licensing regulations as the United States. CANARX ensures that all medications are packaged by the manufacturer, distributed by government-regulated wholesalers, prescribed by practicing prescribers, labeled and dispensed by licensed local pharmacists, and delivered directly to the patient. In addition, CANARX professionals regularly inspect all licensed pharmacies to ensure that safety standards and regulations are met.

▼ What is the difference between the medications from the United States and those shipped from international sources?

Medications shipped by CANARX pharmacies meet the strict manufacturing requirements of Tier 1 countries and are government-regulated. Although the drugs you receive may in limited circumstance look slightly different or have a different name than what you are used to, for all intents and purposes they are identical. For example, a drug may be a capsule in the U.S. but a tablet in another country.

Delta Dental PPO Plus Premier™

Easy Access and Great Value -Your Delta Dental Networks

As a Delta Dental PPO *Plus Premier* subscriber, you have access to two of Delta Dental's extensive national networks—Delta Dental PPO, with more than 350,000 dentist locations and Delta Dental Premier, the largest dental network in the country with more than 450,000 dentist locations. Three out of four dentists nationwide participate in one or both of these networks.

You will enjoy great benefits when you receive your dental care from a participating dentist in either the Delta Dental PPO or Delta Dental Premier networks.

- Both networks offer discounted fees and a no balance billing policy.
- You will receive good value from Delta Dental Premier network dentists who generally accept discounted fees, but will be subject to the out-of-network co-insurance level shown on the front of this summary.
- You will enjoy the greatest savings when visiting Delta Dental PPO network dentists and will receive the in-network co-insurance level shown on the front of this summary.

If you choose to receive services from a non-participating dentist, you will have higher out-of-pocket costs as the Delta Dental contract rates and the no balance billing policy do not apply.

Delta Dental members can also take advantage of expanded discounts on many covered services, even after they have used up their benefit dollars, visit limits and other situations. Get the details at http://www.deltadentalma.com/members/discounts-on-covered-services/

With Rollover Max from Delta Dental, you won't lose what you don't use.

Thanks to the *Rollover Max* benefit from Delta Dental, you can save some of your unused benefit dollars to be applied to future services that would otherwise exceed your plan maximum.

Rollover Max is easy and automatic.

- To qualify for Rollover Max, you must receive at least one cleaning or oral exam in the plan year. If you don't receive a cleaning or exam, you won't be eligible to rollover any of your benefit dollars to the following year.
- In addition, your paid claims must not exceed the Plan Year Maximum "threshold" amounts outlined in the chart below.
- Once you qualify, some of your unused annual Plan Year maximum benefit dollars will automatically rollover for use in your next plan year and beyond. The amounts are outlined in the chart below.

- Annual Plan Year Maximum dollars are used first. Rollover Max dollars are used after the annual maximum amount for your plan has been exhausted.
- Rollover Max dollars cannot be applied to orthodontic treatment or other lifetime benefits.
- You must be enrolled for dental coverage before the 4th quarter of the plan (10/1-12/31) to qualify for the rollover that year.

How Rollover Max works.

The chart below shows how Rollover Max is calculated based on your plan's annual Plan Year Maximum level.

Rollover Max increases your dental benefit value.

You get more flexibility in planning and paying for your dental care, as well as the peace of mind knowing you have more benefits—if you need them, when you need them. Best of all, *Rollover Max* comes as part of your Delta Dental coverage.

Your Plan Year Maximum benefit amount.	If your total yearly claims don't exceed this threshold amount.	Then you can roll over this amount to use next year, and beyond.	Your accumulated rollover total will not exceed this amount.

How to check your *Rollover Max* balance online:

- Log on to your account at **deltadentalma.com** (You'll need to register if this will be your first visit.)
- · Click on Benefit Maximums.
- The rollover amount for each member will be listed under Rollover Maximum.

Delta Dental of Massachusetts' Right Start 4 Kids™ Benefit Eliminates Dental Care Costs for Children

Did you know that cavities and poor oral health are the most common health problem for children in the United States? Poor oral health can cause pain and infections that may lead to problems with eating, speaking, playing and self-esteem.

In fact, children with poor oral health are three times more likely to miss school and have lower grades.¹ And this, in turn, can lead to lost workdays and unexpected expenses for families.

Yet, with good oral care, cavities are nearly 100% preventable.

Delta Dental of Massachusetts' Right Start 4 KidssM benefit can make it easier – and more affordable – for you to take care of your children's oral health.

Right Start 4 Kids[™] pays 100% of the cost of covered care with participating dentists up to your plans' benefit limit. That includes covered care for diagnostic, preventive, basic and major services for children up to their 13th birthday.

And we make it easy for you to take advantage of the benefits. Just get your care from a Delta Dental PPO™ or a Delta Dental Premier® dentist and we will automatically apply the Right Start 4 Kids™ benefit - there's no need to fill out any claim forms or paperwork.*

Right Start 4 Kids[™] is backed by the power of Preventistry[™], Delta Dental of Massachusetts' groundbreaking and unique approach to transforming the oral health care system. Preventistry combines clinical innovation, actionable data and digital engagement to provide a higher level of care and improve the health of our members.

Coverage

Your dental plan provides the following coverage for orthodontic services:

- 50% of your orthodontic costs.
- Your coverage is based on the maximum allowable fee for orthodontic services.
- Coverage is subject to a lifetime maximum of \$1,000 per member.
- All members are eligible for coverage.
- A maximum of 24 months of active treatment.

Paying for orthodontic care

In most cases, Delta Dental issues reimbursements for orthodontic care in automatic monthly payments not to exceed 12 installments. The first payment is based on the date of banding/placement of appliances. Additional payments will be issued automatically on a monthly basis assuming you are still eligible for orthodontic benefits.

If you begin orthodontic treatment after your effective date of coverage and you receive care from a network dentist, Delta Dental will reimburse your dentist directly and send you and your dentist an Explanation of Benefits (EOB). The EOB will detail any payments made to the dentist. It is up to you and your dentist to develop a payment plan for the balance minus any Delta Dental adjustments.

If you've already started your orthodontic treatment

We provide pro-rated orthodontic benefits for members who are in active treatment and banded within 24 months of DDMA effective date. Coverage will be based on the maximum allowable fee, determined by the lower of the dentists submitted fee or contracted fee, and the time remaining in your treatment plan once your coverage with Delta Dental begins.

To determine your coverage, we exclude the banding allowance, which we estimate to be 30% of total cost of treatment. Since that cost was incurred before your coverage began with Delta Dental, it is not covered. We process your benefit on the remaining 70% of the maximum allowable fee. Payment will vary based on banding date and effective date with Delta Dental. If banded less than 5 months from DDMA effective date, benefit is issued in automatic monthly payments. If banded more than 5 months from effective date with DDMA, benefit is issued in one lump payment. All payments are issued provided patient is in active treatment and covered by Delta Dental.

Termination of Coverage

In the event your coverage terminates before you complete your orthodontic treatment the automatic monthly payments will cease.

^{*} Not all Health Care expenses are FSA-eligible, such as: cosmetic procedures or products (e.g. Botox, teeth whitening, veneers, etc.), couples/family counseling, general health/wellness expenses (i.e., toothbrushes, toothpastes, non-prescription sunglasses, gym dues, etc.), and federally non-permissible products. Some healthcare-related expenses, such as medical equipment and some services, may require a physician's Letter of Medical Necessity in order to be FSA-eligible. Visit https://fsastore.com/CPAEligibility for more info. on specific products and services.

^{**} Overnight camp and school tuition for kindergarten and above are not FSA-eligible; day camp is eligible when utilized as a form of childcare in order for the parent(s)/guardian(s) to be able to work; extracurricular and enrichment programs/activities that aren't daycare/childcare-based are not eligible; money paid to a childcare provider who doesn't report it as income on their taxes is not FSA-eligible.

^{***} Cafeteria Plan Advisors holds flex-spending (FSA) funds until eligible expenses are incurred and claim(s) submitted. Funds may be forfeited in accordance with IRS Publication 969 if eligible expenses are not incurred by the plan year deadline through the use of the provided debit card (if applicable) or claim submission, or the date upon which employment ends, whichever comes first.

The Dependent Care Flex-Spending (FSA) plan allows participants to set aside a portion of their pre-tax pay for reimbursement of qualified childcare expenses* for dependent children age 12 and younger, including: daycare, pre-school tuition, before/ after-school care, and day camp programs during school breaks. This benefit may also be used for dependents with special needs, including elder daycare.

How the Dependent Care FSA Works...

• Money Comes Out of Your Pay Non-Taxed for Eligible Childcare Expenses. Your employer sends your non-taxed payroll deductions to Cafeteria Plan Advisors to deposit in your Dependent Care account.

Your payroll deductions are based on your annual Dependent Care FSA election divided by the number of available pay periods in the plan year. The maximum election is \$5,000 per year, per family.

• You Pay Your Childcare Provider(s). We don't pay your childcare provider(s). You pay them out-ofpocket and we reimburse your expenses from your available Dependent Care account balance.

Note: If your childcare provider does not report the money you pay to her/him as income on their taxes or won't provide you with their Tax ID/Social Security number, fees paid to them can't be reimbursed through your Dependent Care FSA account.

 Accessing Your Dependent Care FSA Monies. To be reimbursed from the funds that have accrued in your account via payroll deduction, you need to submit a claim(s) for reimbursement. Claims may be filed via fax, e-mail, or online via your account portal or our app.

Here are your claim submission options—choose the one that works best for you:

- 1) Regular, on-going Reimbursements. If you put in a claim for your full annual election amount right at the start of the plan year, you will receive automatic reimbursements about one week following each paycheck deduction.
- 2) Periodic Reimbursements. You can also submit a claim(s) periodically, such as: monthly, quarterly, or whenever your account balance reaches a certain dollar amount that suits you (e.g. \$500, \$1000, etc.).
- 3) Lump-Sum Reimbursement. Submit your claim at the end of the plan year to receive a lumpsum reimbursement of all deductions accrued during the plan year.

Note: Dates of service must fall within the plan year and while actively employed. All claims must be submitted to Cafeteria Plan Advisors within 90 days of the end of the Plan Year, otherwise the funds may be forfeited.

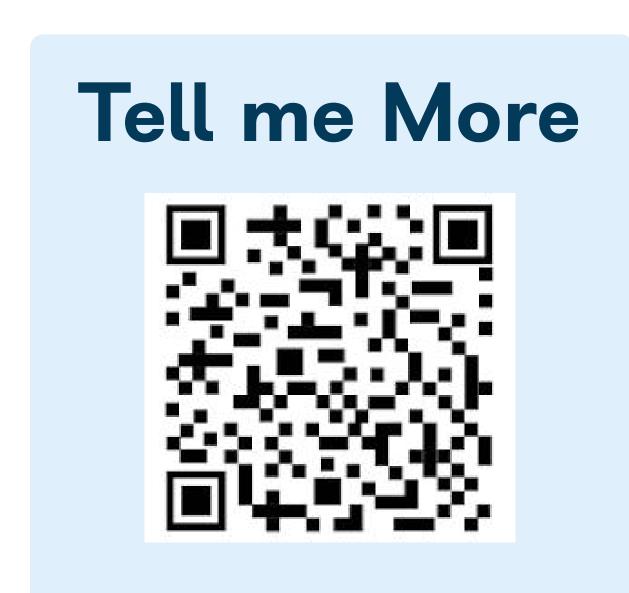

• Expense Documentation. We don't need to see your childcare bills or receipts if you complete the Dependent Care Claim Certification Form with your childcare provider's information (name, address, and Tax ID number or Social Security number if the provider is an individual), but you should keep the bills and receipts for tax purposes.

This benefit is for qualified expenses incurred for the care of eligible dependents named on your tax return in order for you to be able to work. Overnight camp and school tuition for kindergarten and up are not eligible. Extra-curricular and enrichment programs/activities that aren't daycare/childcare-based are not eligible. Nanny services may be eligible. Fees unrelated to the direct care of the dependent(s) are not reimbursable. Dependent Care Reimbursement Plan Guidelines are governed by the Internal Revenue Service and can be found at CPA125.com. Dependents must qualify under regulations set forth in IRC Sections 152 and 129. Consult with a tax advisor for more info. with regard to your personal tax situation.
